

# Introduction

## Basic Instructions by NFD

1. Communicate with the store before placing an order. Different Wig styles and accessories can influence the price
2. Before the work on the mask starts, a deposit is placed, which is non-refundable.
3. When filling out the order form, do so carefully. Any changes after submission of the order can lead to additional charges.
4. Please do not bother the store too much about production time. (Estimate ~ 6 months)
5. There might be slight color difference between the pictures sent as a preview and the real-life product.
6. The finished masks makeup will be done according to the Make-Up drawing/picture.
7. NFD will calculate the size for your masks based on provided values. You are free to propose your own size from their list.
8. During mask production no progress pictures can be shown. Once the mask is finished, you will receive pictures.
9. After the mask is finished you have 3 months to pay the final amount. If you fail to pay within that timeframe your mask will be sold to someone else.
10. Same as 9. If you can't pay the remaining balance in time, your mask will be sold to someone else.
11. In Mainland China, Shipping by SF Express is free of charge. Hong Kong, Macao and Taiwan will cost extra.
12. After the Masks has been shipped NFD will cover any shipping damages (in China) after 7 days. (As soon as the mask leaves China you are on your own.)
13. NFD will only ship to Mainland China, if you are from abroad, you will need a forwarding service.
14. Please ask customer service for an order form.
15. NFD has changed their head shell design. So current masks might look slightly different than older models.
16. There might be a waiting queue before work on your order is started.

## Mask details

### Head shell

You will be able to choose between 3 options for the mask:

1. Full head with one face
2. Full head with multiple faces
3. Three quarter Head (usually people choose option 1 or 2)

The finished mask will be 3D-printed out of resin for the faceplate. The backside will be 3D-printed from PLA.

The faceplate will be attached to the back shell with magnets and two latches. Those are not lockable.

For safe and easy transport of the mask, longer ears are detachable by default (I can recommend this option). As a side effect, a small seam can be seen between the ears and the face. If you do not want your ears to be detachable, inform customer service about this prior to your order.

## Eyes

There are two types of eyes:

1. Mesh + Photo paper (my recommendation)
2. All Photo paper

There is not a big difference between those two types of eyes. Option 1 offers slightly better vision and airflow.

## Hair

There are two options to fix the hair in place:

1. Hairspray
2. Glue

Not every type of styling can be achieved with glue but, if possible, option 2 is my recommendation.

For Ponytails or twin tails there are several options available:

1. Loose hair in the back
2. Glued down hair in the back
3. Detachable twin tails/ponytails (my recommendation)

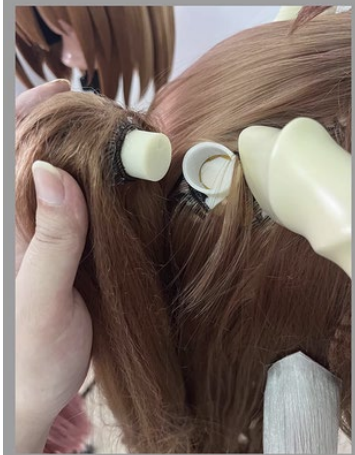

### 1: 不分縫隙

### 2: 分縫隙

### 3: 插拔马尾

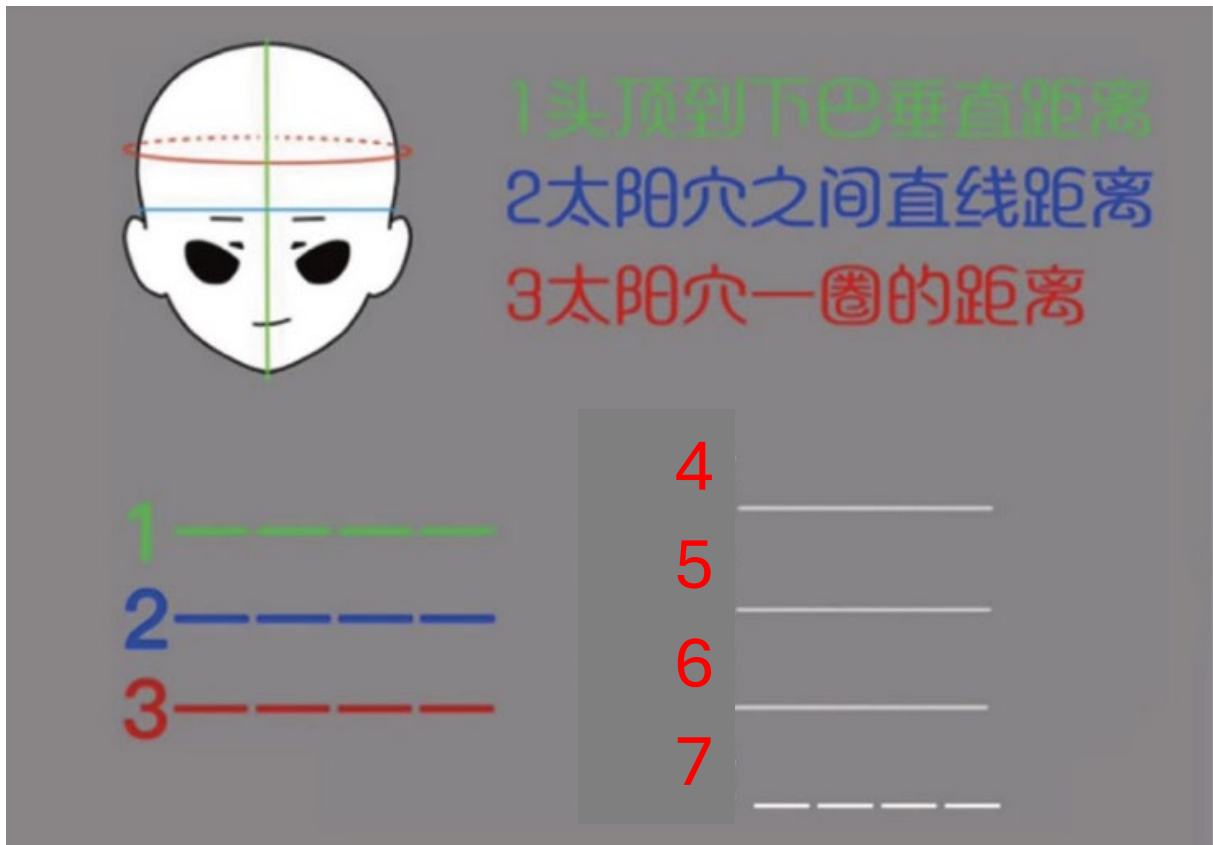

## Size

The size of your mask can be determined by several measurements:

1. Vertical distance from the top of your head to the chin
2. Width of your head
3. Circumference of your head
4. Height
5. Weight
6. Gender
7. Shoulder width

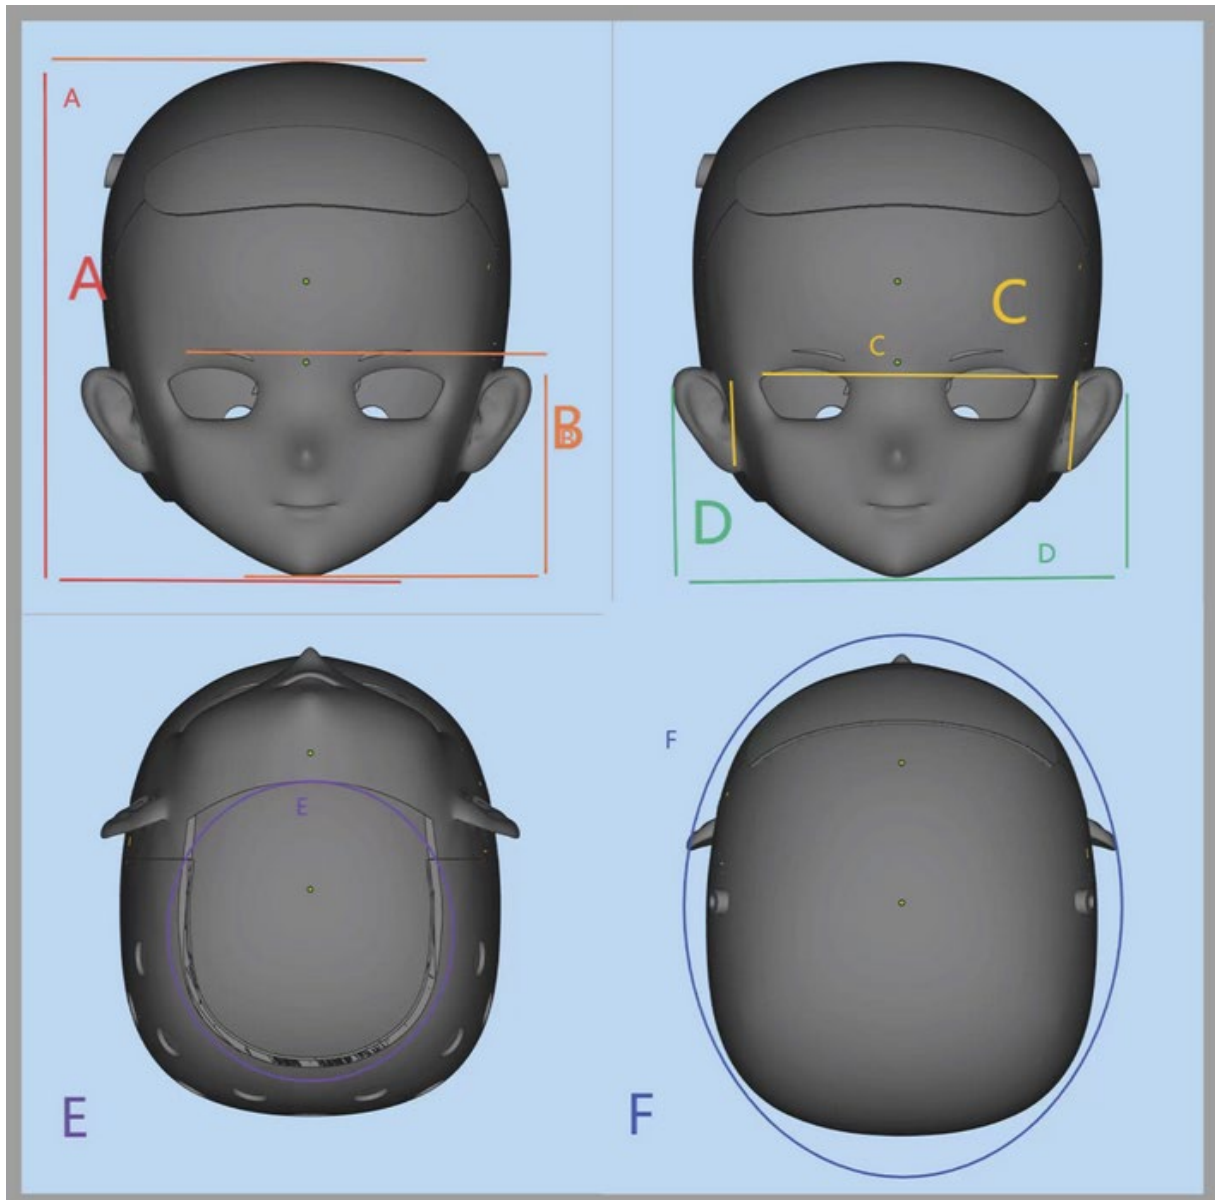

The Available sizes are the following:

- Z, SSS, SS, S (160-170cm height)
- S, M, L, XL, XXL (170-180cm height)
- X, XX, XXX, XXXX (180cm +)

Here is a list of available sizes in detail:

|   | Z    | SSS  | SS   | S    | M    | L    | XL   | XXL  | X    | XX   | XXX  | XXXX |
|---|------|------|------|------|------|------|------|------|------|------|------|------|
| A | 26   | 27   | 27,5 | 28   | 28,5 | 29   | 29,5 | 30   | 30,5 | 31   | 31,5 | 32   |
| B | 11,2 | 11,7 | 12   | 12,1 | 12,3 | 12,6 | 12,8 | 13   | 13,2 | 13,4 | 13,6 | 13,9 |
| C | 18   | 18,6 | 18,9 | 19,3 | 19,6 | 20   | 20,3 | 20,6 | 21   | 21,3 | 21,7 | 22   |
| D | 22,7 | 23,6 | 24   | 24,4 | 24,9 | 25,3 | 25,7 | 26,2 | 26,6 | 27   | 27,5 | 27,9 |
| E | 48   | 50   | 52   | 52,5 | 54   | 55   | 55,5 | 56,5 | 57,5 | 59   | 60   | 60,5 |
| F | 75   | 78   | 79   | 80,5 | 82   | 83,5 | 85   | 86   | 87,5 | 89   | 90,7 | 92   |

I recommend paying special attention to measurement B. If the distance is too small, you won't be able to see out of the mask properly.

## Custom skin tone

Usually, all masks are painted in a default “kig-pink” color. If you desire a special skin tone, it can be done for an additional 400RMB. Color cards are available as a sample.

## Custom Hair Color

A wide variety of wig colors is available. Please refer to the number of each image.
